

Bonnie People Project- October 2019

Early Childhood Development, After School Care and Skills Development Facility

On the 2nd October we had a meeting with the Rotary club, it was a privilege to meet the President of the Club Keith Poole and the other members. David and Sue Hall did a presentation about Wordworks and a tour of the BPP premises was taken by all the members as some of them have not been to the project in five years. The day ended with a lunch prepared by Augusta Brandt, who is also a trainer for Wordworks.

Alicia Herder and Joslin Davids were interviewed by Rocio Lamela, the consultant from Luxembourg. The girls were very nervous at first but enjoyed the experience.

As a tribute to the late Tim Harker who was part of Rotary and BPP Board, a plaque were handed over by Keith Poole. The plaque were mounted at the entrance of the Project.

Early Childhood Development October 2019

Early Childhood Development, After School Care and Skills Development Facility

We would like to thank our Literacy teachers, Christa, Julie, Chriszelda and Eric for their dedication to our boys. They have put in a lot of work over the past terms and you can see the changes in the boys academical as well as personal development.

The children work in different groups that allow the teacher to work with one group while the others are busy with various fine motor skill development activities. Today the main activity were tearing and pasting a flower.

The new term started on the 2nd of October and the children were excited to start their day after a week long holiday. Some of the themes covered this term this far were about sheep, bees, and various interesting topics.

Youth and After School Care - October 2019

Early Childhood Development, After School Care and Skills Development Facility

As the last of the old garden were harvested the grounds were prepared and new seeds planted for the warmer season. The children are taking good care of the project started by our volunteers.

On the 18th of October a group of students from Bonnievale High school came to the project for a fun Friday with the children. They played games then divided into smaller groups, each group had to prepare a short dance or song to be performed for the big group. The day ended in a group dance with sandwiches and oranges for the children. Thank you to everyone for making this day possible.

The literacy boys were very productive and added massive bird mobiles to their planets in the ASC Hall.
