

Bonnie People Project- November 2019

Early Childhood Development, After School Care and Skills Development Facility

We would like to thank our sponsor, staff from the British International School of Jeddah for their generous donations, making this get-away weekend possible for the staff.

Christmas came early as the children received gifts from Luc and Beata from Austria as they make their yearly visit to the project. Thank you for your commitment to the project and making our children happy.

It is always a pleasure to receive visitors and this time was no exception. We welcomed Allie Zeimen, his wife and some friends to the project. They spent some time with the little ones and then they bought some of our products made at the project. After many years it was good to show the progress the project has made since their last visit a couple of years ago.

Early Childhood Development November 2019

Early Childhood Development, After School Care and Skills Development Facility

As the term is drawing to an end, time are spent on evaluations and reports,

but there is always time for some fun as the teachers decided to do some face painting and the children each got a colorful and fun picture to go home with.

We would like to thank the Department of Health for visiting our children and making sure that their teeth are healthy and how to look after their own teeth. Each child received a new toothbrush and toothpaste to take home.

Youth and After School Care - November 2019

Early Childhood Development, After School Care and Skills Development Facility

As part of the opening at the ECD concert the girls from our Tuesday dancing classes could also perform the dances they have been working on all year. Some of their parents were also in attendance and could see them perform for the first time.

After 10 months at the project it was time to say goodbye to another volunteer, Julie Thommes. The whole week was spent saying goodbye, having cake and sweets with every class at the project. During this time Julie spent time with all the children teaching, dancing, making bread or just talking about day to day issues. You will be missed by all at the project. We wish you all the best and hope to welcome you back in a couple of years.

The boys attending the literacy program have shown tremendous growth academically as well as personally.

They are given a platform where they can move out of their comfort zone, like speaking in front of others.
